Recommended tourism spots near the railway **[English]**

牛岐城趾公園(阿南市) Ushikijoshi Park (Anan City)

About 850m
from Anan
station

Once, there used to be a castle also known as "Tomioka castle," and the neighborhood flourished as a gorgeous castle town. Now, it is used as a place for residents' relaxation. From the observation deck beautifully decorated with LED lights, you can see all of Anan city. In spring, it is famous for the cherry blossoms that cover the park.

薬王寺(美波町) Yakuoji Temple (Minami Town)

About 300m
from Hiwasa
station

The 23rd stop on the Shikoku pilgrimage, this temple is famous for the steep stone staircase leading to it. Pilgrims traditionally give coins to the spirits while climbing these stairs to ward off evil. The temple is close to a rest stop where you can soak your legs in a hot spring.

出羽島(牟岐町) Tebajima (Mugi Town)

About 600m
from Mugi
station to the
boat dock

Located on this small island is a pond where the rare Shiratamamo moss, a living national treasure of Japan, grows naturally. About 70 people live here, but as there are no cars on the island, visitors are able to walk freely on the promenade and enjoy the beautiful scenery at a relaxed pace.

海洋自然博物館マリンジャム(海陽町) The Ocean Natural Museum Marinejam (Kaiyo Town)

About 3.7km
from Shishikui
station

You can see the beautiful coral of Takegashima Marine Park and colorful tropical fish from the undersea observatory of the Blue Marine tour boat. There is a "small aquarium of the island" that reproduces the sea of Takegashima in the hall. It is becoming a popular spot where you can experience sea kayaking and snorkeling in the summer.

海の駅 東洋町(東洋町) Umi no eki Toyo Town (Toyo Town)

About 1km
from
Kannoura
station

You can buy local specialties and fresh vegetables here, no matter what, the seafood is fresh, low price and delicious! After you bought raw fish you can bring it to the restaurant in the store. It is very popular both of tourists and locals. Ponkan soft cream is also popular.

むろと廃校水族館(室戸市) Muroto Schoolhouse Aquarium (Muroto City)

Near the Muroto
schoolhouse
Aquarium
bus stop

This aquarium uses what was once Shiina Elementary School. There are over 1000 fish, with more than 50 different types. There are marine animals such as sharks and sea turtles swimming freely in the outdoor pool. Another unique trait of this aquarium is that it still retains the school equipment, left as it was the day the school closed down.

室戸世界ジオパークセンター(室戸市) Muroto Global Geopark Center (Muroto City)

Near the Muroto
Global Geopark
Center bus stop

Muroto is a place where you can see the breath of the earth look at magnificent terrain. You can touch Muroto's land and culture, including the strange rocks that protruded towards the Pacific Ocean, and the legend that Kukai had chosen as a place to practice this place.

室戸ドルフィンセンター(室戸市) Muroto Dolphin Center (Muroto City)

About 700m
from Muroto
service office

You can touch the dolphin's skin with getting splash, and you can give a signal to dolphin. You can watch a dynamic jump at such a distance that you can hear the dolphin breathing, so not only children but adults are excited too. 'Dolphin swim' is also popular attraction. You can swim with dolphin.

奈半利町並み(奈半利町) Nahari Townscape (Nahari Town)

Around
Nahari
station

There are 37 registered tangible cultural properties in 13 places. Most of traditional buildings are left along the old street, and they are keeping same appearance from the time of build. It takes about 2 hours on foot even if you walk the all courses slowly. It is recommended to walk around the city with looking a guide book.

伊尾木洞(安芸市) Iokido Cave (Aki City)

About 700m
from Ioki
station

Here is a mysterious power spot. It is a sea cave drilled by a wave due to uplift of a stratum three million years ago. A fantastical world with a rock wall surprised by so much fern as it passes through the cave along the Ioki River. The green world into which sunbeam leaves come in is exactly the secret world itself.
